

EMMY MONTANYE, P.E., LEED AP

Senior Vice President
Kimley-Horn and Associates

Emmy Montanye has more than 30 years of experience in civil engineering and project development in the Atlanta market in both public and private sector projects. Montanye's practice is focused on master planning, entitlements, and sustainable engineering design for a broad range of projects ranging from complex urban redevelopments to suburban healthcare campuses.

Some of her recent projects include SunTrust Park, the future home of the Atlanta Braves, and The Battery, the adjacent mixed-use development; Mercedes-Benz Stadium, the new retractable roof stadium for the Atlanta Falcons and the Atlanta United FC Major League Soccer team; the Buckhead Atlanta luxury mixed-use project; the College Football Hall of Fame, Novare's Sky House residential tower; the WellStar Paulding replacement hospital; Piedmont Park's Northwoods expansion; and other projects enhancing the places we live, work and play.

Montanye earned her Bachelor of Science in Civil Engineering from Georgia Tech in 1982 after completing her Bachelor of Arts in Art History at Wheaton College two years earlier. She is married to a fellow Tech alum, David Montanye BSCE 1978, and they have raised three children: Frances, Tom (BSCE 2010), and Harris.
